

BOT-ALL[®]

YOUR HYDRATION PARTNER

BOT-ALL®

Hydra

The Hydra Bottle is crafted from high-quality 304 food-grade stainless steel, the same material used in professional kitchens and restaurants. This 18/8 food-grade material is known for its durability and is approved by the FDA and BIS as the safest material to store and carry water and other beverages. It's also rust-resistant and won't leach chemicals into your drink, ensuring your beverages stay pure and refreshing.

Our double-walled vacuum insulation keeps drinks cold for up to 24 hours and hot for up to 12 hours, so you can enjoy your favorite beverage at the perfect temperature all day long.

The Sturdy loop handle makes it easy to carry the bottle with you wherever you go, whether you're hitting the gym, going for a hike, or just running errands. The wide mouth opening makes it easy to fill the bottle with ice and your favorite drinks, and the leak-proof lid prevents spills and messes.
